T. W. ROBINSON'S.

TAMILKANDE IS TEA.

TOUCH the gentle lyre,
Tune the plaintive lute,
Twang upon the harp,
Toot upon the flute:
Tis of Tea we sing—
TAMILKANDE TEA:
Tell the world at large,
They should all agree,
This is joyful news,
That such T can be bought
Tomahawk the man,
That sets advice at naught.
Taboo all other Teas;
TAMILKANDE'S BEST:
Try it right away—
Twill always stand the test,
Then thump upon the drum,
Trumpet with good zest;
This our song shall be—
TAMILKANDE'S BEST.

G. F. FLEHL

A POPULAR APPOINTMENT.

The offer of the position of Director of educational Institutions, made by Mr. Haultain on behalf of the Territorial Government, has been accepted by Mr. Goggin. It is with extreme pleasure that we make the announcement of Mr. Goggin's decision in the matter.

When D. J. Goggin assumed charge of the normal schools of Manitoba, the condition of educational affairs in that province was far from perfect. The inspectors were for the most part ministers,—appointed not upon the ground of competency, but because they were the only available persons who could give their time for such a work. The teachers, generally speaking, were without any training. A great many were only "licensed to teach." From the time that the first batch of normal students were sent out to the schools, till the present, the heaven has been working. The desire for professional training became stronger and stronger. A new staff of inspectors—all of them trained teachers, were appointed, and these by institute training helped to elevate the teaching standard. With the aid of his able and energetic assistant, Mr. McIntyre, Mr. Goggin continued in his work until the educational system of Manitoba has become an object lesson to the other and older provinces.

To the teachers of the Territories who have had to work under tremendous disadvantages—growing under an inspection that has been one rotten plague of ignorant incompetency—the appointment will be extremely gratifying, for it marks the dawn of better days for education in the Territories.

Mr. Goggin's task will be no easy one. But his eminent knowledge of educational matters will stand him in good stead and we trust that he will never regret having left a finished work to respond to the appeal of the Northwest Territories:—"Come over and help us."

THE CARNIVAL.

A Brilliant Turnout at the Rink
on Wednesday
Night.

The last carnival of the season, held at the skating rink on Wednesday evening, was a brilliant affair of its kind. Many of the costumed were unique and costly. The prize for the best comic costume went to W. A. Porter, who, with Harry Bates as Judy, made a first class Punch. Mrs. Cline carried off the prize for the best lady costume. The prize for the best lady skater went to Miss Maud Ostrander, and that for the best gentleman skater to Mr. Will Simington.

The following were the characters:—Miss King, huntress; Chas. McNeill, hunter; W. Waller, kitchen-maid; Geo. Cline, Bridget; P. McCaskill, Turk; K. Tapley, red, White and Blue; Jas. Cline, base ball; W. Egerton, rag-peddler; P. Morrell, cow boy; N. Brown, Chinaman; B. Simpson, negro; Willie Porter, The Moose Jaw Times; H. Smith, stoker; C. Roberts, stoker; A. Healey, lacrosse; Beasie Matheson, nurse; M. Ostrander, lawn tennis; M. Smith, nurse; E. Baxter, lady of heavy weight; Walter Simington, our Ex-Mayor; J. Simington, summer; W. Forster, state prison snit; Mrs. J. J. Wilson, Scotch Lassie; L. Porter, soldier; W. A. Porter and H. Bates, Punch and Judy; Jos. Cook, cowboy; D. McGillivray, lieutenant; F. Richards, negro; Mrs. J. Cline, Night; Miss E. Cline, Italian Peasant; Wm. Sizing, ton, Prince; R. W. Timmons, negro hand master; Miss Battell, nun; Miss E. Hudson, summer; Andy Porter, clown, Ida Battell, Japanese lady; Miss Winnie Ostrander, nurse.

PRESBYTERY OF REGINA.

Meeting at Walsley, J. W. T.

Met at Walsley, on Wednesday, March 8th. Mr. Carmichael Moderator in the chair. In the absence of the stated clerk, occasioned by a delayed train, Mr. Campbell was appointed clerk pro tempore. The report of the Home Mission Committee was first considered. Appointments were made and grants passed to the several mission fields within the bounds. The grant to Qu'Appelle Station having been reduced it was agreed to ask a special grant for this field of \$2 per Sabbath for current half year. The Committee was instructed to secure the services of a Catechist to labor during the summer along the construction camps on the "Moon" railway. At a later stage the Qu'Appelle field was on the agenda so as to make Qu'Appelle Station, Matheson Settlement, and the district south of the town one field and Balgonia, Pilot Butte and Wapahway were erected into a separate mission. The deputations appointed to visit Augmented Charges reported that Prince Albert and Moose Jaw congregations had agreed to reductions suggested. A deputation from Hialesta stated that the field was about to erect a church and applied for aid from C. & M. Building Fund. The application was received and the documents were ordered to be transmitted as soon as the conditions are complied with. A similar application from Broadview was also recommended and the moderator and clerk were empowered to transmit to the C. & M. Board. The returns from many mission fields being incomplete, the Committee was instructed to furnish the synodical committee with whatever necessary information they may possess. The following commissioners were appointed to the General Assembly, in rotation: Messrs. Walsh and McLeod, by election Messrs. Matheson, Robson and Douglas, ministers and Messrs. R. D. Thompson, Wm. Mathewson, D. Goldie, Ayr, John Charlton, M. P., Lynedoch and James McKnight, Wapahway Centre, Elders. The Rev. Dr. Robertson, was nominated Moderator of the Assembly. A communication from the Presbytery of Minnesota in reference to the New Denmark field, lying within the bounds of this Presbytery was read to the Home Mission committee to dispose of. A communication from Dr. Reid, an Assembly expense fund was received and the clerk instructed to call the attention of congregations to this fund. Notice was received from the Presbytery of Toronto intimating their intention to apply to the General Assembly for leave to receive as a minister of our Church, the Rev. A. L. McEwen, B. A., of the Congregationalist Church. Mr. Alex. Kemlo student missionary was certified to the senate of Manitoba College. Reports on state of Religion, Temperance, Systematic Benevolence, and Statistics and Finance were submitted and adopted. Mr. Matheson was asked, on the expiration of his present appointment at the end of March, to devote himself to special evangelistic work within the bounds of the Presbytery, for the period of six months. The committee on the state of religion was requested to prepare a programme on the help and hindrance of christian work, for presentation at the next meeting. The presbytery then adjourned to meet at Qu'Appelle on the second Wednesday at July, at 9.30 a. m.

W. L. Clay, Clerk.

Wedding Bells.

A quiet but pretty wedding was celebrated at the residence of Mr. Wm. Byrnes, 168 Antrim St. Peterborough, on March 8th when his eldest daughter, Miss Florence E., was wedded to R. H. Might, B. A., of Moose Jaw, Assn. The interesting ceremony was performed by Rev. H. N. McCall, & A. H. D.

of Harrold, assisted by Rev. J. H. Locke, pastor of the George Street Methodist Church and Rev. G. H. Riley, Bridgework. The bride was attended by her sister Miss Mary L. and Miss Ella Hodson. The duties of groomsmen were ably filled by Mr. R. G. McWherry, of Port Perry, and Mr. E. J. Mignot, brother of the groom. The presents were many and valuable, showing in a tangible manner the popularity and esteem of the bride—Patience Sommers.

MR. GOGGIN WILL COME.

The Popular Principal of the Manitoba Normal School to accept the offer of the Territorial Government.

WEDNESDAY, March 16.—Principal Goggin has decided to accept the position offered him by the North West Government. As a result of this there will be general regret expressed throughout the province and a consequent rejoicing throughout the Territories. Mr. Goggin's departure will be the greatest loss that education in Manitoba has ever sustained. No one's words were ever listened to with closer attention at a public gathering than were those of Mr. Goggin and his ideas on education were always of such a practical nature that much that is to be noticed as improvements during the last few years in the schools of Manitoba is due to the wisdom and foresight of the retiring principal of the normal. Mr. Goggin came to this city about nine years ago in the charge of the teacher's training school. Mr. Goggin has made the normal school the equal as far as it is possible to do, of any similar institution in the west. He is at present grand master of the Moose Jaw lodge, but it is not expected that he will resign the position.

Mr. Goggin received from the Manitoba department, before finally deciding, a letter intimating their inability to meet the administrative terms which he was offered from the N. W. T., and the department assured him that they would otherwise have very much desired to obtain his services.

PASQUA PICKINGS.

On Friday last a most successful dancing party was given by Mr. Joseph Haghan, the genial proprietor of the Pasqua section house. A large gathering of people from the immediate vicinity of Pasqua assembled and also quite a number from a distance. Among them were several couples from Moose Jaw. The host and hostess did all in their power to make their guests feel at home. Dancing soon commenced and was continued until midnight, when a most enjoyable supper was served. It is needless to say that the proceeds were consumed with an avidity that is peculiar to those acquainted with North-West air. Dancing was resumed and kept up unabated until an early on Saturday morning.

The music, which was excellent, was furnished by Messrs E. M. Wilson and T. G. Delgaty, and was thoroughly appreciated by the dancers. Special mention must be made of an ornamental waltz performed by Mr. James White and his sister, Miss White.

Hotel Arrivals.

Registered at the Dining Hall.
Saturday: J. G. Chaslin, Gough; H. H. Hough, Toronto; F. A. Miller, Moose Jaw.
Sunday: A. G. Jones, Winnipeg; W. P. Wilson, Vancouver; A. G. Shewan, Montreal; C. L. Furworth, Winnipeg; James Thompson, J. H. Macdonald, Calgary.
Monday: F. G. Brown, Toronto; L. L. DeBeck, Westminster; W. T. Barrett, Barrow.
Tuesday: Chas. Brown, Regina; A. R. Telfer, Toronto; Alex. Laferly, Winnipeg.
Wednesday: Arthur Mackley, Calgary; J. B. Goodwin, Rock Island.

FRIDAY, MARCH 17, 1893.

Cost of Producing Wheat.

Will the cost of producing wheat in this country ever be accurately settled? One Manitoba farmer gives the following result of wheat raising, with sales at low prices: "Self, four horses and disk 25 days at seeding, \$100; seed wheat and oats, \$80; rent on 130 acres, \$65; two men, horses and header 12 days, \$86; threshing and marketing 1,114 bushels of wheat and 345 bushels of oats at 17c. \$393.60. Total cost of crop marketed, \$734.60. Value of crop at 45c for wheat and 30c for oats, \$1,055.10. Net profits \$320.50, or 43 per cent.

Another farmer commenting on the foregoing figures, puts the case as follows: "It takes, on the basis above given, to plant, \$112.50; wear and tear on disk, \$5.00; seed, \$80.00; rent of land \$351.70, one third of crop, the present rent value in this country; binder wear and tear, 21; wages to cut, 200; two men, \$3.75; thresh and market, 293.60. Total \$1,061.10 the net profits for the season's work is \$53.45. This does not include sundries and a score of other necessary items, which should be added, and would increase the cost, so as to make it impossible to produce wheat at 45c anything but a net loss.

It is noted that the difference in the estimates is largely in the rent of land one putting that at \$65 and the other at \$351.70. It appears, therefore, that the difference in results depends upon the land value. Fifty cents an acre would require land worth no more than \$5.00 while the other calculation would pay rental on land worth five-and-a-half times the value of the other, \$27.50 an acre on a rental of 10 per cent of value to cover interest and repair. The latter calculation based on land at \$27.50 an acre shows practically no profit in selling wheat at 45c a bushel, while the other shows a profit of more than 40 per cent on the capital employed.—*Milling World.*

A Few Arguments Against Corsets.

This is the shape of a woman's waist, on which a corset tight is bound. The ribs, deformed by being squeezed, press on the lungs, till they're diseased. The heart is jammed and cannot pump; the liver is a torpid lump; the stomach, crushed, cannot digest; and in a mass are all compressed. Therefore this silly woman grows to be a fearful mass of woes, but thinks she has a lovely shape, though hideous as a crippled ape.

This is a woman's natural waist, which corset never yet disgraced. Inside it is a mine of health. Outside, of charms it has a wealth. It is a thing of beauty true, and a sweet joy to view. It needs no artificial padding, and no artificial waste to stay.

G. L. Palmer's, River street east, has quarters for Heintzman Pianos, Kautz Organs, Domestic and New Raymond Sewing Machines. A large quantity of the finest sewing machine always on hand.

No. 736.—Letter Puzzle.

Example: What letter makes honey?

Answer: A B.

1. We are fond of — in spring.

2. George Washington wore his hair in —.

3. — means "all right."

4. Mary of — will call the cattle home.

5. — I said to the horse.

6. John — was a great statesman.

7. How — is a common salutation.

8. An abbreviation, which answers to part of the index is —.

9. The printer eagerly counts his —.

10. The house has an —.

11. I will take mine — in mine inn.

12. We will live for —.

13. The tax on — plays an important part in history.

14. The French word for "life" is —.

15. Cramps — up.

16. We — face marks with a sponge.

17. — is the sign of multiplication.

18. Happy Dutch maiden of the Zuyder.

19. The — is an ornamental evergreen tree.

20. We wish to be thought —.

21. — the children cried while playing hide and seek.

22. —, a famous earl of the reign of Queen Dow.

No. 737.—Charade.

My first is not oval, my first is not square.

My first can be never oblong;

My second is something we can't do without,

Tough when it is loaded or wrong!

My whole is an upholder of freedom we revere,

And lived in the days of Charles Stuart the second.

No. 738.—An Enigma.

I am a word of four letters. Within me

Is a sea of entertainment for man and

For beast; a pronoun, a preposition, an ab-

negiation for "that is," and a German word

meaning "no." When you have found me,

You will have a number which no person now

living will probably ever again be able to

omit from the date of any document.

No. 739.—Double Central Acrostic.

A New Leaf for 1893.

Now is the time to turn a fine

New leaf for fifteen money,

And all our wishes, great and small,

Swear off as once for good and all.

We shall not mark — but twice a day;

The weed we show we'll throw away.

We will no wishy treat nor take—

Except in case of stomach ache.

All kinds of — we'll never do,

We'll let no naughty passions rise.

We'll pay the dues—or go without;

We'll keep it true, beyond a doubt.

We shall improve our minds and try

To free ourselves from love of pie;

We shall not talk so much to show

The small amount of sense we know.

And we, of course, will quickly brush

Those resolutions that we make.

When a Fork Was Not a Fork.

The Moose Jaw Times.

FRIDAY, MARCH 17, 1893.

LOCAL AND GENERAL NEWS.

Miss McDairmid is visiting friends in Regina.

Mr. John Fletcher returned on Saturday morning from his winter's visit to Peterborough.

James Fitzpatrick—our genial "Fitz"—left on Wednesday for Spokane Falls. He carries with him the best wishes of the boys.

Farms to rent and for sale in the best parts of this district with from 50 to 200 acres of land under cultivation.

Apply to

SEYMOUR GREEN,
39A Office—High Street, West.

Mr. R. H. Riddell had the misfortune to lose a valuable horse yesterday. The horse was crossing the track at the mileboard east of the town, when it was struck by a freight train.

Mr. Scott and two daughters arrived in town on Monday last, coming from the township of Lucan, Ont. Mr. Scott has rented a farm from Mr. D. S. McVannell for a term of five years.

Go to Palmer's, River street east head quarters for Heintzman Pianos, Kato Organs, Domestic and New Raymond Sewing Machines. A large quantity of the finest sewing machine oils always on hand.

Miss Jennie Rogers, of Regina, is at present filling the vacancy in the employment of Mr. John McElhuish, tailor, recently made by the departure of her sister.

The Epworth League of Christian Endeavor held a parlor social at the house of Mr. S. J. McDairmid, on Monday evening. The evening was whittled away with parlor games, social chat and singing.

In another column will be found a notice calling the annual meeting of the Moose Jaw Board of Trade for the evening of Monday next, 20th inst., at 20 o'clock. It is hoped there will be a full attendance.

Notice to farmers and others requiring hired help. I have opened an intelligence office for supplying hired help of all kinds, and have several applications for places. All parties desiring to hire help are requested to hand in their names with particulars.

SEYMOUR GREEN,
39A Office—High Street, West.

The following gentlemen were elected on Monday last to the Council of the N. W. Territories Pharmaceutical Association: W. G. Pettigell, re-elected, Regina; W. W. Bole, re-elected, Moose Jaw; R. Martin, re-elected, Regina; J. G. Templeton, Calgary; W. Brydon, Qu'Appelle.

On last Sunday Rev. Mr. Stacey was unable to fill his pulpit through sickness. In the morning Rev. Mr. Reid, of Pasqua, conducted the service and Rev. Mr. Spicer preached in the evening. Rev. Mr. Stacey filled his pulpit last evening at prayer meeting. He looks much worn from his short illness.

A number of the friends of Mr. J. B. Nicholson, who has been here as grain buyer for Phillips & Richards, since last fall, gathered at the house of Mr. J. E. Annable, on Tuesday evening. The purpose of the gathering was to bid Mr. Nicholson farewell as he leaves town shortly. A pleasant evening was spent.

The social held at the house of Mr. Alex McDonald, on Wednesday evening under the auspices of the Ladies' Aid of the Methodist Church, was a success in every respect. The house was well filled. Parlor games were the order of the evening. Several musical selections were given by members of the church choir and others. Among them was a pleasing duet by the Misses Scott, who are new arrivals in Moose Jaw. The proceeds netted \$18.50.

On Tuesday last Mr. Chas. A. Gass and Alex Davidson were engaged in testing the balance of a cart which was undergoing repairs. Mr. Davidson seated himself in the rig, when the shafts described an eccentric curve, and our "village blacksmith," who is no light-weight, was rather rudely deposited upon the ground. While in transit his foot caught in an iron brace and received an ugly wrench. Mr. Davidson was so far recovered yesterday as to be able to walk around a little.

LOOKING TO THE WEST.

Concluded from page Two.

have come forward and ploughed these guards. The consequence is that the rainfall has been greater of late years.

I have mentioned all our drawbacks and how they have been successfully combated by the sturdy Pioneers in the West. Ontario has many drawbacks and more serious ones than we have, and I have observed them more notably in the counties of Lambton and Grey. I may mention swamps in the former and stones in the latter. I found in Lambton young men purchasing bush land for twenty and twenty-five dollars an acre. In the first place they paid a high price for the land, then they had the clearing of the land after that the fencing, and last but not the least the ditching. For I have seen ditches there that would cover almost one-third of the public highway and that level that it would take an expert to tell which way the water would run. Those new settlers informed me that they were taxed very highly for constructing those drains, but they were taxed as well each year for cleaning on the channel.

Now, Mr. Chairman, I think that I can prove that the advantages of the pioneers on the prairies are very far in advance of what I see in this province. We do not have to pay for the land. The government gives 160 acres to each settler. We do not have to clear the land of timber and other obstructions, for it is said in the West you can plow for 100 miles and not meet an obstruction. In the next place we do not have the fencing of the land for we have a Herd Law that comes in force on the 15th day of May and expires on the last day of November, when the settler lets out his surplus stock to ranchers and others that gather a band of three or four hundred head, the average farmer having from thirty to forty head, for which he will pay the small sum of one dollar per head of cattle and \$2.50 for each horse. The stock always returns to owner in the fall in excellent condition. In the next place we are never troubled with ditching our land. It has a natural drainage, the land being very porous. Instead of draining off the surplus water, we have arge dams constructed on the public highway with an over-shot to carry the surplus water over, and by those large dams we have magnificent stretches of water, all over the district which are favorite resorts of water fowl. The legislative Assembly expends annually a large sum of money upon improvements of this kind. Another advantage is that we have no municipality tax to pay. The only tax out there is a school tax. Upon my own 480 acres for the last two years the tax has been eleven and twelve dollars respectively and that is what I pay in two school sections.

OUR PUBLIC SCHOOLS.

The Dominion Government has set apart two sections in each township for educational purposes and as soon as these lands have become sufficiently valuable the School Lands Inspector is sent to value these lands. They are then put up for sale at public competition. When disposed of the proceeds of the sale of these are placed in a sinking or permanent fund and it is from the interest accruing from this fund that we receive such handsome grants semi-annually. A school district employing a first-class teacher receives 75 per cent. of his salary. 65 per cent. for a second-class and 55 per cent. for a third. The balance is made up by local assessment, so that you can easily see, ladies and gentlemen, that we sustain our own schools and are not spoon fed as some people in the east suppose (laughter).

My advice to the incoming settler of means is to purchase C.P.R. lands convenient to the track. Good railway sections can be had from 3 to 4 miles from the track at from three up to eight dollars an acre. The terms are one-tenth of the purchase money down and the balance in nine equal annual installments at 6 per cent. interest on the unpaid principal. I never have known the company to press for payment should the purchaser not be able to meet his payments.

Here Mr. McIntosh read letters from the Getty Bros., from a lady who has spent several successful years in the Moose Jaw District, from Henry Dorrel and J. G. Beasley. All of these were highly interesting to the audience as they all spoke in glowing terms of the capabilities of the Moose Jaw District.

"Now, a few words as to the class of houses we live in. It has been said that we live in dry goods boxes (laughter) but such is not the case for we have many houses as good as any of your houses here in Huron; for the writer of the last statement, Mr. Beasley, a Huron man, has a magnificent brick house heated with hot air and carpeted and furnished as comfortably in every way as any of your Huron dwellings and this is not an exceptional one by any means. Now on the prairie another feature as to the mode of farming we have a system of three sowing grain called the California system. In a few words it is drilling wheat in an stubble without plowing. Three and four crops have been grown in this manner and a farmer in my township there has made a statement in the press that he had grown 42 bushels to the acre and it graded extra number one hard, and this was the fourth crop. I have myself had excellent returns in this way. This will show you how cheaply grain can be grown in the West. Threshing costs us 4 cents per bushel. The thrasher furnishes all hands. Wages paid to farm laborers there are \$25 per month for 7 to 8 months.

And now a word as to the class of wheat we grow. I saw in the columns of one of your papers published not many miles from this platform, a letter written by John McMillan, M. P. for South Huron, where he was good enough on his trip west to the coast to pen these words:

"We next visited Regina which seems to be the Western limit of wheat growing."

Now I think that I can prove to you beyond peradventure where Jno. McMillan is very far astray and I understand that he is an authority on farming. I might state to you that of all the exhibits collected from the various districts in the Territories, Moose Jaw was classed the highest of any, and that by a competent man, Mr. Angus McKay, of the Government Experimental farm at Indian Head. He says in regard to our exhibit, "For quantity, quality and cleanliness, Moose Jaw takes the cake." These are his words not mine and this is his letter and written in his own hand. Another authority I will give you is the Dominion Government grain Inspector at Winnipeg, Mr. Home. I called upon him in Winnipeg upon my way east, and this is the way I put the question to him, "How will our Moose Jaw wheat compare with wheat from other districts in Manitoba or the Territories." This was his answer, "There is no other district in either Manitoba or the Territories that has a better record as to raising No. 1 Hard." Now, I have statements here made by three of our graindealers in town. The first is: "Of 80 cars bought by me, 6 cars graded extra No. 1 Hard, 67 No. 1 Hard, 2 No. 1 Hard Smutty, 2 No. 2 Hard and 2 cars No. 3 Hard. Another

dealer says: "Of 30 cars bought by me, 29 graded No. 1 hard and 1 No. 3 Hard." Another dealer informed me that all his cars graded No. 1 Hard and the first dealer stated to me that many more of his cars would have graded Extra Hard had it not been that they were uncleaned or right from the separator to the ear. Now, Sir, I think that I have proven to this large audience where John McMillan was far astray and it is such men that do us the the greatest injury. But I think that I have shown you by such overwhelming testimony that Moose Jaw is of all places the correct place to drive your stakes in the West, if you wish to be a successful grain farmer.

My advice to those of you that are in good and comfortable circumstances here is to remain as you are; but to those of you that have your farms mortgaged or otherwise encumbered, sell for what you can and come to the West and possess the promised land for "we have a goodly heritage." (loud applause.)

KIRKPATRICK & COOKSON (Established 1860.) MONTREAL.

COMMISSION MERCHANTS.
Advances made on consignments of WHEAT, OATS, BARLEY, ETC., for sale in Montreal in the various British Markets.

STRAYED.

On the premises of undersigned, on Jan. 27, one light red ox, about 12 years old white on forehead and tail, enlargement on right hind leg, right horn turned slightly down. Owner can have same by paying expenses.

ALEX. WILSON,
17-17-27, Moose Jaw.
